Hi Aztecs! I am so honored to have been recognized for this month's Aztec of the Month! Being at SDSU has been one of the best experiences. I have met a variety of people between my classes and work that has been nothing short of sweet. Since being here, I have worked with the SASC Center under Norma Aguilar and had the pleasure of working with so many wonderful people and talking with all of our lovely clients. Working to be able to help our students accomplish their degrees and move forward is something I very much enjoy. Going to SDSU has helped me better expand my communication, time management, and writing skills. I hope to continue to grow with these wonderful people.
