Karime Alvarez
Liberal Studies Major
Graduation Year: 2024

My journey as a student here at SDSU-IV campus has been wonderful. Throughout my academic career, my professors have always encouraged me to achieve greater things academically and personally. Furthermore, I am deeply grateful and honored to be part of the Food Pantry program on this campus. Throughout the past year, I have been able to experience different opportunities and form new friendships along the way. Most importantly, I have been able to form part of an amazing and positive community. In addition, I have been able to assist numerous students that come by looking for any type of food or personal assistance. As a final note, helping others is something I am very passionate about, and I look forward to continuing to do so in the future.
